**ALEX – Alternative Experts Welcomes George Vensko as President/COO**

**Dumfries, VA:** ALEX – Alternative Experts (ALEX), an ISO 9001:2015-certified solutions provider to Government, Defense, and Commercial industries is pleased to announce the addition of George Vensko as President and Chief Operating Officer.

“Mr. Vensko joins the ALEX team at an important time in our history. We’re transforming the way government does business through innovative technologies like Velocity, our artificial intelligence solution. Our state-of-the-art capabilities are in high demand and George is just the person we need to manage our continued growth,” said Monica Joseph, ALEX’s Chief Executive Officer.

With a proven track record of more than 30 years, Mr. Vensko brings successful program experience to ALEX, serving over half of those years at the executive level of large, middle market and small businesses. His expertise in mission-critical Information Technology, Cyber Security, Software, and Systems solutions is relied-upon by top-level clients in the defense, intelligence, and commercial communities.

“I’m excited and honored to take on this role. I look forward to working with our talented leadership team to deliver on our Vision, accelerate the strategic plan, and foster growth across our company,” said Mr. Vensko.

Mr. Vensko will develop and manage the execution of the strategic plan to foster growth through new contract awards, expansion of current programs, and Mergers and Acquisitions (M&A). He will also provide day-to-day leadership and management of the company, mirror its mission and core values, and drive achievement - surpassing the business goals and objectives. He will motivate and lead a high-performance management team; attract, recruit and retain required members of the executive team not currently in place; and provide mentoring as a cornerstone to the management career development program.

Prior to ALEX, he served as Senior Vice President of BD, M&A and was part of the Executive Strategic Leadership Team for WR Systems, Ltd. (WR). In this capacity he was responsible for the development and execution of the BD and M&A strategic plans, stimulating growth in the company. He has also served as Cofounder and President of Helm Point Solutions, Inc. where he was responsible for the overall strategic direction of the company and led the Executive Management Team and Senior Vice President at CACI.

Mr. Vensko spent 22 years at CACI/QuesTech in the defense, IC, and commercial sectors. Leveraging emerging technologies and a superior knowledge base, he led efforts to expand support offerings to the IC; while securing the company’s position as one of the premier providers of products and services to the highest levels of intelligence agencies.
