ALEX VELOCITY

Accelerate Decision-Making with **Artificial Intelligence**.

Velocity® delivers high ROI by leveraging the power of patented* Artificial Intelligence to rapidly and comprehensively gather, organize, and analyze data from structured and unstructured sources (program-specific, open source, the internet) to provide decision-makers with actionable insights at critical points throughout the program life cycle.

*Velocity's Concept Search capability is a patented technology.

Science, Technology & Engineering

We integrate the power of emerging technologies across our ST&E solutions, enabling faster and more informed decision-making, new levels of IT productivity, and the development of industry-leading acquisition programs.
